

## CERTIFICATION PROGRAM

The Awakening Arts Academy offers a certificate program in Transformative Arts. This pioneering program cultivates the unique capacity of the Arts to heal and to uplift culture & consciousness. The Certification Program is comprised of two levels.

### LEVEL ONE Foundation

begins in a personal journey of self-discovery, healing and spiritual growth. A variety of courses expose students to the many modalities of the arts (music, dance, painting, collage, sculpture, theater, etc.) and to the principles of art, creativity and consciousness. *LEVEL ONE is the required foundation for the LEVEL TWO Transformative Arts Certificate™*

Successful completion of LEVEL TWO requirements confers a Transformative Arts Certificate™

You will be eligible to teach as a Transformative Arts Facilitator and invited to join our network of practitioners. We estimate 108 days of training for completion of both Level ONE and Level TWO Training.

\* Elective Courses include all Academy Courses, as well as those taught by our guest artists or approved independent study

**APPRENTICESHIP** Our program is unique in offering extensive mentoring of the facilitation process. We use the model of midwifery, understanding the work to be one of knowledge but also cultivated wisdom and subtle attunement. Students will assist in several courses, meeting before and after class for preparation. Next they will teach segments of a class – with support and feedback for refinement. Finally, they will teach a class with the instructor acting as an assistant. Some students engage the apprenticeship portion longer than others as it is based on their needs. The director and the student together decide when the apprenticeship feels complete.

**SOUL CENTERED** We are also unique in a soul centered orientation that draws wisdom from the universal teachings of East and West.
